Dear Gunsmithing Student

Thank you for applying for the American Pistolsmith Guild scholarship program.

APG \$3,000 scholarships are designed to help you pay for books, tuition, fees and other expenses associated with your college education. There are no rules as to how you should spend the money so anything that will make it easier for you to earn your degree is just fine.

Scholarships will be awarded to students who have shown desire and dedication and have reached the 50% completion mark in their education. Your grade point average is also important in that it shows the selection committee you have the ability and knowledge to complete your course of study. We will award scholarships to students who have grade point averages in the top 25% of their class.

Letters of recommendation from your professors are highly recommended and will quickly elevate you to the top of the list of scholarship candidates.

If selected for an American Pistolsmiths Guild scholarship, you will receive a \$3,000 check made out to you from the Guild, a lapel pin and a complimentary student membership in the APG until one year after graduation. Another valuable aspect of the scholarship is your access to APG members who are the best craftsmen in the world: If you have questions or are in need of assistance during your time as a student you are free to call any member of the Guild who will guide you through solving a difficult gunsmithing problem.
